CAMP INFORMATION

The North Country Baseball Camp is geared to the instruction of students entering 1st through 12th grades.

Campers will be provided with a positive introduction to the world of athletics in a fun atmosphere.

Our young campers will enjoy the game of baseball by learning the basic skills needed to develop a strong foundation for future athletic success. During the week our students' skills, confidence and self-esteem will develop.

Instruction for our older campers will be geared toward teaching them 'what it takes' to become a successful baseball player. The progression of skills and individualized instruction will be geared toward making all campers reach their baseball potential.

Additionally, it is hoped that the time spent at camp will be a memorable experience and one that will allow all campers to become not only better baseball players, but also better young men.
